

## Don't Regret

t.A.T.u.

You don't regret  
Your past embraces  
Time will forget  
Phrases and faces

No more saying word  
No more crying tears  
All that was before  
Is no longer here

No more singing songs  
Silent lips are dry  
All that was before  
Slowly passing by

No more saying words  
No more crying tears  
All that was before  
Is no longer here

No more singing songs  
Just for you and I  
Silent nights are long  
Broken hearts are dry

No turning back  
No cancellation  
Cats in the bag  
Trains at the station

No more saying word  
No more crying tears  
All that was before  
Is no longer here

No more singing songs  
Silent lips are dry  
All that was before  
Slowly passing by

No more saying words  
No more crying tears  
All that was before  
Is no longer here

No more singing songs  
Just for you and I  
Silent nights are long  
Broken hearts are dry
