

Nothing In This World

Taxiride

Pressing you face on a tear-colored glass
Washing my name from your mouth as you pass
You talk to me but the words seem to disappear

'Cause there's nothing in this world
That'll stop me fighting for you
Nothing in this world that'll keep me away
There is nothing in this world
That'll stop me fighting for your love

I might have told you how much you have meant to me
(Don't be alarmed if I tell you how I feel)
You found adventures in places I couldn't see
(I could have been there if only I showed you)
I fall for you in this place just to be with you

'Cause there's nothing in this world
That'll stop me fighting for you
Nothing in this world that'll keep me away
There is nothing in this world
That'll stop me fighting for your love

You broke me like a fallen leaf
When you spoke too soon
But I found strength in what I need
And I need you

There is nothing in this world
That'll stop me fighting for you
Nothing in this world that'll keep me away
There is nothing in this world
That'll stop me fighting for your love

Nothing in this world
That'll stop me fighting for you
Nothing in this world for me that'll keep me away
There is nothing in this world
That'll stop me fighting for your love

Nothing in this world
Stop me fighting for you
Please don't push me away
There is nothing in this world
That'll stop me fighting for you love
