unh unh, yeeeah
oooh oooh aah

i just live for your love
the warmth of your embrace
i can't get enough
baby now i gotta need for your touch,
so much
i look into your eyes
i feel hypnotized, baby by you

darlin' you're beautiful
you give what you got
and you got a lot, baby you do
darling it's true cause
you makin' me so hot
i don't wanna stop
it's not a fairytale the things you say
the things that you do

baby you're beautiful so give me what you got cause you got a lot, baby you do darling you're beautiful so give me all you got don't you ever stop

uunh, yeeeahh
i just work for your love
this hold that's over me
there's no better drug
so baby i can't find the right words
to explain
what it feels like to be me
when you say my name
