

# I Could Be Good For You

Taylor Dayne

Lots of eyes they look at you  
And lots of arms would love to be around you  
Just be around you  
I know you might think I'm just one more

But all I'm really asking for is a chance to  
Just to make you happy baby  
Never leave you lonely. I'd never make you blue  
There's not a thing that I would do

That I wouldn't do for you  
I'd give the world if I could give it  
Everything I have  
So won't you give my love a chance

I could treat you right  
Make you have good dreams at night  
I could be good for you  
I could be good so good so good so good  
Treat you kind  
Change the way you feel inside  
I could be good for you  
I could be good so good so good so good  
I could be good (good for you) I could be good

Baby I got lots of ways to keep a smile on your face  
I'll show you, let me show you  
When I hold you in the night you'll see

That what I've got is what you need  
I'll show you I can make you happy baby  
Never give you reason to ever leave my side  
I'll keep the rain away and baby I'll keep you satisfied

Won't be anyone who'll love you better than the way I can  
So won't you give my love a chance

So if you're thinkin' 'bout love  
Won't you think about me  
If you're needing someone  
I would love to be the one you come to for the love that you need  
I could be good so good so good so good so good

Treat you kind  
I could make you glad you're mine
