I Know The Feeling

Taylor Dayne

Thought I was happy thought that my life was made Guess I believed the colors of love just fade But now that you're here I can see What I thought was all over is still here inside of me

And I know the feeling And I love the feeling You're fannin' the coals and the flame in my soul's all I know

Yes I know the feeling And I need the feeling Oh this time I swear I won't let it go

It's like I was sleepin' waitin' to feel your kiss I'd almost forgotten lovin' could be like this Just open your arms let me fall I settled for half, oh but now I can have it all

'Cause I know the feeling And I love the feeling This glow that I'm getting don't care if I'm letting it show

Yes I know the feeling And I need the feeling Oh this time I swear I won't let you go
