

## End Of The Line

Taylor Hawkins & The Coattail Riders

If you're my friend  
Stay right by my side  
Show me something good at the end of the line

If you're the one  
Look into my eyes  
Show me something good at the end of the line

I've been walking over  
The bridges that burn  
You keep talking  
But you don't say a word

If you're my friend  
Stay right by my side  
Show me something good at the end of the line

I've been walking over  
The bridges that burn  
You keep talking  
But you ain't said a word

I don't want to see with someone else  
I don't want to see you alone  
Did you heart deceive you  
Did you open up, just to let me go

In the end  
Will your star still shine  
Show me something good at the end of the line

When darkness ends  
Will you be my light  
Show me something good at the end of the line

I've been walking over  
The bridges that burn  
You keep talking  
But you don't say a word

If you're my friend  
Stay right by my side  
Show me something good at the end of the line
