

# When You Were Mine

Taylor Henderson

I've got a hand-me-down heart  
Filled with second hand love  
It's been weighing me down  
So I'm selling it off  
At a discounted rate  
That nobody wants to pay

And all that I am  
Still belongs to you  
Take a look at me darling  
I don't want something new  
If I gave all I had  
Would it have made you stay?

Would it have made you stay?  
Would it have made you stay?

I'd send myself broke  
Just to buy back the time  
If the change in my pockets  
Could change your mind  
I'd send myself broke  
But I don't really mind  
I'm doing it all, I'm doing it all  
Just so we can rewind  
To when you were mine

I carry first hand hurt  
In the back of my mind  
Cause you loved me so fast  
That I got left behind  
I still watch the clock  
But I know I'm just too late

I know I'm just too late  
I know I'm just too late

I'd send myself broke  
Just to buy back the time  
If the change in my pockets  
Could change your mind  
I'd send myself broke  
But I don't really mind  
I'm doing it all, I'm doing it all  
Just so we can rewind  
To when you were mine

I'd send myself broke  
Just to buy back the time  
If the change in my pockets  
Could change your mind  
I'd send myself broke  
But I don't really mind  
I'm doing it all, I'm doing it all

I'd send myself broke  
Just to buy back the time

If the change in my pockets  
Could change your mind  
I'd send myself broke  
But I don't really mind  
I'm doing it all, I'm doing it all  
Just so we can rewind  
To when you were mine
