

Brighten Your Night With My Day

James Taylor

Daybreak finds you up and alive
Just as though you could touch a star
But sunset seems to leave you weary alone
And wondering who you are
Don't deny that lonely feeling
That keeps stealing on you from deep down inside
Hey, can't you see that it's no good concealing
A feeling it hurts you to hide

When you can come home to me
Yes, I'm happy to hear what you've got
to say to me, baby, all the way
Girl, you can count on me
Watch those shadows fade away
And brighten your night with my day

Daybreak, sunset hot and cold
Running smiles and tears
A bright outside to match your foolish pride
But not a word for the lonely years

Please come back to me
Now you won't have to say
That you'll stay with me, baby, no, it's not that way
Just come back home to me
Watch those shadows fade away
And brighten your night with my...

Daybreak, sunset
You don't have to cry no more
Now, everything's gonna be just fine
Watch out, baby, here it comes
Right around the corner
Here it comes
Just brighten your night with my day
