

# Don't Talk Now

James Taylor

Where I've been  
You don't know  
And what I've got  
Baby, it don't show  
Now, I won't try  
To teach you how  
Don't talk now

Don't talk roads  
Don't talk sand  
Don't talk dust  
Don't talk no man  
Don't talk rules  
Don't talk vows  
Don't talk now

I don't wanna hear the same old song  
And too many rights still make her wrong, baby  
I know she can't hurt me less by talking more  
She can't make good what was bad before

No, It's too late now for me to lie  
And I can't make a second try  
I just came on back baby got to say good-bye, good bye  
Don't talk now...  
Don't talk now
