

Fool for You

James Taylor

My lady don't allow the life I lead
She don't abide by some of the company that I keep
She takes occasion to criticize, and carry on
I love her so, I just can't stand it no more
I'm a fool for you babe, don't you know
Mess around momma, I'm a fool for you mommaroo...

I should say
My baby knows that I'm crazy 'bout her lovin'
That's alright, she takes unfair advantage now and then
She jumps at the chance to tease me with her body
Lord, I love that thing so
Just can't stand it no more
I'm a fool for you babe
Look around I'm a fool for you
Have a sweet thang today
