

## Hello Old Friend

James Taylor

Paris' rooftops were lovely to see  
Switzerland's vertical landscape  
Crossed my mind's eye just now  
Canada's shoreline has been calling out to me  
But it's been too long a time  
Since last I crossed  
That vast Nantucket sound

Hello old friend  
Welcome me home again  
Well, I've been away  
But that's all over now  
Say I can stay for October, now  
Stay a while and play

Little dog David  
I must look like a fool  
I should've remembered  
You'd be forgetting my smell, well  
Give me a week or two to recapture my cool  
I've got stories to tell  
About how I snatched the devil's catch  
And out ran the hounds of hell

Hello old friend  
Welcome me home again  
Well, I've been away  
But that's all over now  
Say I can stay for October, now  
Stay a while and play
