

# Only One

James Taylor

You are my only one, you are my only one

Well, I'm telling you now, now you're my only one

I've got two long legs like to carry me  
Two sharp eyes to look for the light  
I've got two strong arms to hold on tight  
And two good friends on my left and right  
But only one only one, and (second chorus)

Now there's only one road before me  
Too many turns in the way  
Thousands of things to do today  
Millions of moments, I must admit  
But only one only one, and (first chorus)

Taken for granted and pushed aside  
All that it wanted was a place to run and hide  
Missing message in a hollow tree  
Hidden deep inside a memory

And the memory seems like dreams  
Hundreds of hopes in the past  
Nevertheless it was never the last  
Hold on strong or you fade out fast  
And only one only one

Oh, you are my only one, you are my only one  
Don't be leaving me now  
Believe in me now  
Well, I'm telling you now, now you're my only one

Yeah, you are my only one, you are my only one  
Don't be leaving me now, now you're my only one

Yeah, you are my only one, you are my only one  
Well, I'm telling you now, now you're my only one

Yeah, you are my only one, you are my only one  
Don't be leaving me now

Oh, you are my only one, you are my only one  
Well, I'm telling you now, now you're my only one

Oh, you are my only one, you are my only one  
Don't be leaving me now

Oh, you are my only one, you are my only one
