

I Heart

Taylor Swift

Wish I had concentrated,
They said love was complicated,
But it's something I just fell into,

And it was over-rated
But just look what i've created
I came out alive but i'm black and blue-ue

Before you ask me if i'm alright,
Think about what I,
Had to do-oo, yeah

Wake up and smell the break-up
Fix my heart, put on my make-up
Another mess I didn't plan,
And i'll bet, you thought you'd beat me,
Wish you could only see,
I've got an I heart question mark,
Written on the back of my hand.

I'd be fine if you just walked by,
But you had to talk about why,
You were wrong and I was right,

But I can't believe you made me,
Sit at home and cry like a baby,
Wait right by the phone every night,

And now you ask about you and I,
There's no you and I,
Remember what you put me through,
I had to,

Wake up and smell the break-up,
Fix my heart put on my make-up,
Another mess I didn't plan,
And i'll bet, you thought you'd beat me
I wish you'd could only see
I got an I heart question mark,
Written on the back of my hand

And when you're home alone at night,
You'll still wonder
Why you took everything I had, oh baby
I had a lot about you and I,
There's no you and I,
And I know,
Someday you will...

Wake up and smell the break-up,
Realize that we won't make-up
It didn't go the way you planed,

And you'll know you didn't beat me,
When you look down and see,
I've got an I heart question mark
Written on the back of my hand,

Written on the back of my hand
An I heart question mark, yeah
Written on the back of my hand
