You stand with your hand on my waist line
It's a scene and we're out here in plain sight
I can hear them whisper as we pass by
It's a bad sign, bad sign
Something happens when everybody finds out
See the vultures circling dark clouds
Love's a fragile little flame, it could burn out
It could burn out

Cause they got the cages, they got the boxes And guns
They are the hunters, we are the foxes
And we run

Baby, I know places we won't be found And they'll be chasing their tails tryin' to track us down Cause I, I know places we can hide I know places, I know places

Lights flash and we'll run for the fences Let them say what they want, we won't hear it Loose lips sink ships all the damn time Not this time

Just grab my hand and don't ever drop it My love
They are the hunters, we are the foxes
And we run

Baby, I know places we won't be found And they'll be chasing their tails tryin' to track us down Cause I, I know places we can hide I know places

They are the hunters, we are the foxes And we run Just grab my hand and don't ever drop it My love

Baby, I know places we won't be found And they'll be chasing their tails tryin' to track us down Cause I, I know places we can hide I know places

They take their shots, but we're bulletproof I know places
And you know for me, it's always you
I know places
In the dead of night, your eyes so green
I know places
And I know for you, it's always me
I know places
