

You Belong With Me

Taylor Swift

Capo IV

You're on the phone with your girlfriend, she's upset
She's going off about something that you said
'Cause she doesn't get your humor like I do
I'm in the room it's a typical Tuesday night
I'm listening to the kind of music she doesn't like
And she'll never know your story like I do

But she wears short skirts, I wear T-shirts
She's cheer captain and I'm on the bleachers
Dreaming about the day when you wake up and find
That what you're looking for has been here the whole time

If you could see that I'm the one who understands you
Been here all along, so why can't you see?
You belong with me, you belong with me

Walkin' the streets with you and your worn out jeans
I can't help thinking this is how it ought to be
Laughing on a park bench, thinking to myself
Hey isn't this easy

And you've got a smile that could light up this whole town
I haven't seen it in a while since she brought you down
You say you're fine, I know you better than that
Hey whatcha doing with a girl like that

She wears high heels, I wear sneakers
Shes cheer captain and I'm on the bleachers
Dreaming about the day when you wake up and find
That what you're looking for has been here the whole time

If you could see that I'm the one who understands you
Been here all along, so why can't you see?
You belong with me
Standing by and waiting at your back door
All this time how could you not know, baby
You belong with me, you belong with me

Oh I remember you drivin' to my house
In the middle of the night
I'm the one who makes you laugh
When you know you're about to cry
And I know your favorite songs
And you tell me about your dreams
Think I know where you belong
Think I know it's with me

Can't you see that I'm the one who understands you
Been here all along, so why can't you see?
You belong with me
Standing by and waiting at your back door
All this time how could you not know, baby
You belong with me, you belong with me
You belong with me

Have you ever thought just maybe
You belong with me, you belong with me
