

## Daggers

Team Me

Words fly like daggers  
Going fast, hitting hard  
But I don't mind  
You know I've heard it all before

Words fly like daggers  
While my sister goes to sleep  
I hope she sleeps  
I hope she dreams about her brothers

Words fly like daggers  
Every time I'm on the run  
I guess I'll run  
I guess I'll always run

Words fly like daggers  
Again and again  
But I don't Mind  
You know my heart is somewhere else

Words fly like daggers  
Going fast, hitting hard  
But I don't mind  
You know I've heard it all before

Words fly like daggers  
While my sister goes to sleep  
I hope she sleeps  
I hope she dreams about her brothers
