

Kennedy Street

Team Me

Kennedy Street
Late night breeze
Songs that we sung
And how they all felt right
All felt right
There and then but not now
Kennedy Street
Take me back

Kennedy Street
Blindfolded
Kennedy Street
And all those plans I made
Plans I make never happen anyway
Kennedy Street
Take me back

I guess sometimes it's never quite enough
When all you do is cry your heart out at night
It's trembling underneath my feet tonight
Just like it did in '98

I guess sometimes it's never quite enough
When all you do is cry your heart out at night
It's trembling underneath my feet tonight
Just like it did

Kennedy Street
Late night breeze
Songs that we sung
And how they all felt right,
All felt right
There and then but not now
Kennedy Street
Take me back

I guess sometimes it's never quite enough
When all you do is cry your heart out at night
It's trembling underneath my feet tonight
Just like it did in '98

I guess sometimes it's never quite enough
When all you do is cry your heart out at night
It's trembling underneath my feet tonight
Just like it did
