

A Niggas Worst Downfall

Tear da Club Up Thugs

(DJ Paul)

A bitch can be a nigga's worst downfall

A bitch can be a nigga's worst downfall

A bitch can be a nigga's worst downfall

(DJ Paul)

Man, I'll shoot a bitch in the face if she try to fuck with me
Or try to tell lies and shit and turn me against my fuckin peeps
A hoe will tell a nigga this, a hoe will tell a nigga that
A hoe will tell a nigga anything to try and get back
Had another nigga who she hollin that he down wit
Make them nigga's grab nine's, make them nigga's cry and shit
A lot of y'all stupid ass nigga's, fall for these hoes
Suck the dick and fuckin stuck you now anything goes
Sluggin luchi out, pay no bill's so you ain't mine
A million hoes on my side, two million can't stand
You dealin wit a nigga who like to grab hoes and choke
Two days ago, I'm in trail found out Ms. Pu was no joke
A lot of ladies want to be the mother, they need's to quit
I'm strappin trojans god, I ain't tryin to land shit
But back to weak friends, who let hoes turn them against me cool
When I kill you, I'm killin dat hoe to
And dat's fa sho

(Juicy J)
They heard the album had went gold my phone
Ringin up my hoes, said they heard I bought a house
Through the streets someone had told
Bout a little fuckin bitch, playin scams to make it rich
Evey night after we fuck, I used to beat her with my fist
Drag a hoe down on the ground, like a nigga trained a hound
Till she said she was pressin charges
(I'ma see you downtown nigga)
Oh shit, what can I do to the one wit boys and blue
If a nigga got to jail that's gonaa set back my loot
Should I call up the fool, that be creepin in the river
Make a litter I'm doing dirt, he'll erase you out like poof
If the cheese a playa drop, he goin to pull his tone and cock
When I tell him where you live he goin ride through and pop
