## **Change**

## **Tears For Fears**

You walked into the room, I just had to laugh The face you wore was cool, you were a photograph When it's all too late, it's all too late

I did not have the time, I did not have the nerve To ask you how you feel, is this what you deserve? When it's all too late, it's all too late

Change You can change Change You can change

And something on your mind became a point of view I lost your honesty you lost the life in you When it's all too late, it's all too late

We walk and talk in time, I walk and talk in two Where does the end of me become the start of you When it's all too late, it's all too late

Change
You can change
Change
You can change

What has happened to The friend that I once knew? Has he gone away?

When it's all too late, it's all too late

Change
Change
You can change
