Sketches of Pain

Tears For Fears

Daylight Saved Daylight Saved To spite the dark In spite of the darkness There I'll crave There I'll crave To get to the heart In spite of the darkness

Great wide stretches of canvas Signed by a godless name Strange bright colours of madness Only a fool would frame Sketches of Pain Sketches of Pain Sketches of Pain

Some cry shame Some cry shame We tore them apart We failed to imagine God might claim God might claim The works of art We failed to imagine

Great wide stretches of canvas Signed by a godless name Strange bright colours of madness Only a fool would frame Sketches of Pain Sketches of Pain Sketches of Pain

Sketches of Pain Sketches of Pain Sketches of Pain
