

# Can't Stand Me

Tech N9ne

The rapper you gotta have in your chatter,  
You be gatherin data, to mom and dad it's a matter,  
Cause they lad is fanatical, for this vladic, this radical,  
Addict, skill that brings avid adolescents to drag us,  
Everywhere in there beats by, they be lovin the speech I teach my beast I eat,  
when records released by,  
They favourite artist invaded they hearts and the way that it started my latest they'd have paid it regardless,  
Ever been to a Tech show? (I haven't, I haven't, I haven't)  
Then why you stoppin and poppin me out the deck for?  
Heard that I got the best flows? (I haven't, I haven't, I haven't)  
Granny clippin, trippin with Ellie and Jethro,  
For listenin to my music they choose it, they use it,  
As therapy they're on me when I do this, they lose it,  
They mommy and daddy wanna ban me, I'm loud like a wild banshee,  
I'm roudy and antsy maybe that's why they can't stand me for real,

These are people who can't stand me,  
Your mama, your daddy, your greasy ass granny,  
Who be callin me uncanny,  
Your mama, your daddy, your greasy ass granny,  
They tell ya,  
I'm no good to you, but you don't listen to me,  
I'm the one you love, but you people can't stand me,

She heard this rap kid is a stack getta,  
But Dad lit up when he saw that the kid was a black nigga,  
And she's a wack bitch if the fact backward in her, cause her mama sick cause the lad's dick is from africa,  
That's why they always act shady, we splat babies right at Bradys,  
That's maybe the worst for the white lady, that's racy,  
No longer match-  
makey, when the blacks attack white they be watchin the mac lately,  
Ever been with a black dude? (I haven't, I haven't, I haven't)  
You're prolly thinkin we're all weed and tattoos,  
Ever thought white and black's cool? (I haven't, I haven't, I haven't)  
That's cause you think you're daughters gettin her back bruised,  
Your mom's in your business, she's in your business,  
Can't you see she wants you to keep us niggas at a distance,  
Separation existing, and here's cold,  
This story took place when I was 16 years old

These are people who can't stand me,  
Your mama, your daddy, your greasy ass granny,  
Who be callin me uncanny,  
Your mama, your daddy, your greasy ass granny,  
They tell ya,  
I'm no good to you, but you don't listen to me,  
I'm the one you love, but you people can't stand me,

Ves que ellos dicen  
Que soy malo para ti  
Si tu me amas  
Me puedo desangra  
Desangra  
No soy bueno  
Pero te amo

Te amo  
No soy bueno  
Pero te amo
