

Ain't nobody ever gave me a thang in my lifetime  
So I'm on my own standin' strong  
Holdin' chrome, disrespect my villains  
Get'em gone, early mone, on the cone  
Getting' my hussle on

I stays dirty, chippin', choppin', flippin' birdies  
I'm pushin' 30, vision clear I'm neva blurry  
Plot and plan strategic mission I'm on my toes  
I stays wit fam my mans and shake these fuckin' foes

Lord knows, all the different situation trials and tribulation,  
Aggravations that a nigga's facing  
I get complacent, that's my ass I'm a memory  
They spillin' liquor on the curb when they mention me

But ain't no fear in me, get it how you live  
That's if you hearin' me, then dug down and dig.  
Lace yo boots, man prepare for this struggle  
Stay in them trenches hella dirty, grit and hussle.

Ain't nobody ever gave me nothing  
I'm on my own, I was down and dirty when I was young  
But now I'm grown and I continue to struggle you heard me  
Me and my niggas in the coarse and we constantly dirty
