

Constantly Dirty

Tech N9ne

Ain't nobody ever gave me a thang in my lifetime
So I'm on my own standin' strong
Holdin' chrome, disrespect my villains
Get'em gone, early mone, on the cone
Getting' my hussle on

I stays dirty, chippin', choppin', flippin' birdies
I'm pushin' 30, vision clear I'm neva blurry
Plot and plan strategic mission I'm on my toes
I stays wit fam my mans and shake these fuckin' foes

Lord knows, all the different situation trials and tribulation,
Aggravations that a nigga's facing
I get complacent, that's my ass I'm a memory
They spillin' liquor on the curb when they mention me

But ain't no fear in me, get it how you live
That's if you hearin' me, then dug down and dig.
Lace yo boots, man prepare for this struggle
Stay in them trenches hella dirty, grit and hussle.

Ain't nobody ever gave me nothing
I'm on my own, I was down and dirty when I was young
But now I'm grown and I continue to struggle you heard me
Me and my niggas in the coarse and we constantly dirty
