Spill different mixer, on my favorite kickers  
No more wishin to grip her, she's unzippin my zipper  
Not itchin to kiss her, but I'm fixin to twist her  
When they flaunt it I move on it  
Daggonnit now who want it  
Drink a lot of 151 I'ma get it done it's really fun when I be killin my oppo

If I'm near death  
I'm a fighter better spit off the clapper  
And I like weird sex  
I'm the piper women trip off the whacker  
Lookin for the beer fest  
Time to scheize or get off the crapper  
And I move on a lady give her what she deserve  
Tryna win her, dinner  
Whole lotta bump in the night man a lot to be heard  
I'ma bender, spinner  
Drunk enough to lie to the bianc sayin that I'll be hers  
Then I'm in her, center  
Then I giddy up, suck it up baby I'm a free bird  
Like Lynyrd Skynyrd  
All around the globe (yeah), gotta get the dough (yeah)  
When I do it movin I'm lookin out for the hoes

Gotta have a chick on the road because everybody knows  
I'm a naughty naughty naughty, boy boy boy  
When I'm in aussie aussie aussie, oy oy oy  
Muevete

It's po'd to be over  
But I know the pre-moter  
So he pose the reloader  
Cause I'm sotally tober  
Now I close in on his bimbo cause he froze when he chose her  
Swept his ho right off them ten toes cause he old and he ogre  
Get a move on get right up in it cause it'll never get better when your sitt

Consider movin a mountain never stopin' never limits  
I'm to the finish an when it's competition I'm diminish it
