

Get Ya Head Right

Tech N9ne

Baby can't you see?
I can get yo head right
leave it up to me,
let me get yo head right
ready 123,
I can get yo head right,
I'm the best it be,
I can get yo head right,
At night,
I can make you feel like,
real nice,
all up in yo bed like,
next to me,
watch me get yo head right,
come with me,
I can get yo head right.

It's been long day bussin' watchin' my songs pay,
after the show I'm tryna kick it the King Kong way

all I need is a chick to suck on my ding dong hey.

Get my head right,

I'm super coo coo for kitties
I'm bout ta shoot you with gizzy so pretty.
Hella thizzy yo beezy,

I will not take it easy,
rip you out off your Bebe or BCBG when lettin' floetry ease we.

they like to please the God so I don't force'em.
Bob and weave like you boxin' baby fuck the law,
I'm a give you Johnny Cochran baby
but you ain't my lady this is just a good time,
soon as I bust mine
I'm a tell ya good night.
Or good day but that's only in a good way,
get good brain from Tuesday to Tuesday,
that's seven days a week I'm gone skeet if I call at 6:30 she gone play like

Wide awake or should I say wide awoke I stick my dick in her throat whatever
gone float her boat but,
one's trash is another man's treasure
so if you gonna wife her than homey you can get her cause...
