

# Hope For A Higher Power

Tech N9ne

If there is a final hour  
Lets hope for a higher power  
One by one, and two by two  
I have ammo what about you?

Grandma told me the Good Book said  
In the last days, get ready for the 10 plagues  
First the river will be ran with red  
2, 3, and 4, dead frogs will cause lice and flies  
Sick livestock is 5, the living THEY MUST FIGHT FOR THEIR LIVES

6, 7, and 8, a boil storms of fires and locusts  
9 is darkness, so dark its hard for you to focus  
And 10 is death of the first born  
If i said it was questionable the religious would make it a point to get at  
me and battle me  
Maybe have this verse torn  
How will this curse form?  
Well creationism, and darwinism, embedded forever about it  
I got nothing but hurt for em!!  
Cause really nobody knows  
When you live and you die where your body goes  
if its hell or its heaven?  
6 or the 7? ...

What a gamble  
Thats what life is and its hard to handle  
When the bible says worship this but the scriptures written by man THOUGH  
So when man DESTROYS us, the word my not stand so  
Till that day Im just gon protect my fam with ammo

And at the height of thier "POWER" God will send an angel to destroy them...  
.

I've been looking for something supernatural for a long time now  
But I never got proof that a spiritual realm existed wanted to find how  
Everybody's sure of a supreme being  
Are people just seeing things?  
Wondering if we get WINGS  
Sings, stick to believin the extreme king  
I know it sounds far fetched  
But everynight I put knees on the carpet

Then I PRAY to who's up where the stars set  
BECAUSE THE EARTH AND ITSELF IS A TARGET  
FOR DESTRUCTION, for COMBUSTION  
Cuz there ain't to many you can TRUST IN  
Think of all the women losing their husbands  
In IRAQ ALOT OF KILLIN AND SUFFERING  
What I hope for  
SEEMS folk lore  
When the enemy kills and grows more  
Cuz they killin us of in this HOAX WAR  
Then I wake up yelling and my throats soar  
Cuz the FIGHTS THERE  
ITS A NIGHTMARE  
If it comes to me im in my SNIPE WEAR  
If a bullet gives my limbs a slight tear  
I WANNA BELIEVE THAT THE LIGHTS THERE!  
So all you christians dont get mad at me  
I just hope the mystical magical miracles working catastrophes  
And this aint blaspemy  
But artillery is my strategy  
I HOPE FOR A HIGHER POWER WHEN i look at all these TRAGEDIES

I WILL NEVER FOLLOW THE BELIEFS OF MAN!!! WHY?!?!?! BECAUSE MAN DESTROYS !EV  
ERYTHING! IN HIS PATH!!!!...

Oh what a mircale  
Angels and Demons but the only miracle is that people keep believing  
Right hand on the bible  
Left hand on my rifle  
Keep that for my rivals  
and EVIL disciples  
Expand to bishop  
MAN to women  
When they attack do you plan to give in??  
Or will YOU DO LIKE I DO AND SAY PRAISE THE LORD AND PASS THE AMMUNITION?  
People like us  
Pick the knife up  
Cuz we've got evil to sweep and wipe up  
DEVILS AND DEMONS AND ANGELS are RELEVANT so we'll stay looking for peace an  
d i bust!  
I hope that a higher power IS WATCHING OVER WE...  
Cuz we YOUNG people dont see FAITH like most the older see..  
If HE or She is listening  
A mere sign can spark me  
But if the laws and the bible are bogus..then prepare for ANARCHY  
WORSE case scenario is there never ever was a higher power  
So in the midst of chaos now, the only real SAVIOR IS FIREPOWER
