

Mizzizy Gets Bizzy

Tech N9ne

It's a lot of Mitch Bades out there that don't understand how Tech N9ne and
Don Juan puts it down and make hits
Told y'all Midwest side never quits
So now I want you to bounce
And realize that we road dogs, we true for life
And when we ride we bounce
And let the whole world know that, uh
Mizzizy gets bizzy, so check it

We in Mizzizy believe in eye for eye
Dem who diss me click's supposed to fry
Anybody kcuaf cause I die
Bonzai, nigga everyone's high

(Bounce) Mizzizy, get bizzy, get bizzy, mizzizy
(Bounce) Mizzizy, get bizzy, get bizzy, mizzizy
(Bounce) Mizzizy, get bizzy, get bizzy, mizzizy
(Bounce) Mizzizy, get bizzy, get bizzy mizzizy

A chin check, results of a slick neck
A representer of the midwest get wrecked
Like a lizard's, My provision's
Sharp enough to make incisions
Making killers bodies be coming up missing
Sweet relish, made from the drugs
Goodfellas, gangstas and thugs
These hoes wicked enough

I show no love like Ike, you ain't seen her
Nigga become hype; you play the role like Tina
Nothing but assbeat 'cause your in pain
Damaging to the brain, you became insane
because the shit was trauma

We bring drama,
Murder like Jeffrey Dahmer
Psychotic, hypnotic, can't stop with my style I bring bomma
So I'mma release
My anger, fuck peace
Bring the danger, the Hitler of rap
Enemies in my gas chamber
Buff like with two Glocks on my hips
Fire shots just in case these niggas wanna trip
Five Six, my mix when Don Juan brings the fury
Make a dash to L.A., from Cali to Missouri
Mizzizy get's Bizzy bussin' also very tricky
Put hickeys on my dicky they
Quickies enough the bitches dizzy
Here them hoes Dizzy and Lizzy
The Don Brasco
I be the man
Because I'm macho
Enough to make the whole crowd duck
Let the gauge buck, shots rang out
Your brains hang out
Niggas don't give a fuck cause uh

We in Mizzizy believe in eye for eye
Dem who diss me click's supposed to fry
Anybody kcuif cause I die
Bonzai, nigga everyone's high

(Bounce) Mizzizy, get bizzy, get bizzy, mizzizy
(Bounce) Mizzizy, get bizzy, get bizzy, mizzizy
(Bounce) Mizzizy, get bizzy, get bizzy, mizzizy

I, the angel of rap, say pack yo shit
Look back at the mic, n turn brick bloods n' crips to clips
The city is cool, we bout to make the plates shift
When floatin ya open, n Mizzery is on Tech, I Pac a flips
You ready for demons creepin, roamin through your homes
Is you got the stomach for blown domes
Turn me on, I'm in the zone
Medusa looked at us an said "wassup?!"
The Midwest stared back and buss
Now that bitch's stuck as kcuif
Gimmie that foe foe,
Feelin' that 9 millimeter gun bust
I'mma get em with a flow,
Just a little bitta Mo' my folks
I'm like Michael, a psycho approach
I rage most,
Rollin like a sage coach,
Givin the K.O.
Swollen pockets, but robbin on Rodeo
I'm very Krueger,
If you hurt my love I'm breakin out the scary Ruger
When I get ta bustin thats my free Larry Hoova, maneuva
Who's a rappa Yakuza, whacker than any
You loose'a, rap or refuse'a, ac'a like emmy
Rock so vest, we got yo checks
Who jocks yo flexs
You heathen thinkin'a gettin richer,
Receivevin taco neck
The bigga the flow-a,
The bigger the kill
The bigga the Fo' Fo',
The bigga the pack'a niggas runnin down the hill
Rogue Doggs rule,
We told y'all foo's
Now its time to kill,
Haters just chill,
N peel the lyrical Benadryl
I can not, and shall not, and will not fall!
The opposite of Rue Paul
The Rogue Dogg bustin all'a y'all!
