

# Nobody Cares

Tech N9ne

Swanky all the time...  
So don't worry 'bout me cause I'm  
Gucci, luchi, all up in my hallsies  
Come from Kansas City and  
"Get money"'s what they tought me

I'm a real one, fill 'em, up, I bust and kill 'em  
Didn't have to sell my soul to sell some fucking millions  
When I drop this Bou Lou drink, it'll put me up in billions  
The ceiling never could stop this KC, MO civilian  
How ya didn't know we had the green when I'm all up in yo' magazine?  
So focused on the flow, fo' fifth, yo' bitch throw shit, that's flatt  
ering  
We ain't like you others, we got a very sick disease  
And, if you get this bug, it may result in making cheese  
Made a lot of Technicians, gettin' mo' is the next mission  
We got the colleges, the suburbs and the 'jects trippin'  
Off of this wealthy, foul-mouthed trigger  
Don't even bother to get your wicky styles out, nigga!

Everything in my head, all these words that I said  
(Nobody cares) Nobody cares  
(And nobody gives a damn what I say, who I am)  
(Nobody cares) Nobody Cares  
These bright lights, show my life {nobody cares}  
(No one, no one, no one, no one cares, nobody, nobody)

Fellas better put a chastity belt on yo' spouses  
Put-put a chastity belt on yo' spouses (Ugh-huh!)

It is what it is, nigga, I'm underground  
Y'all saying the same thing, mainstream in trouble now  
I'm on my grown man, growin' a little stubble now  
A Spotify gotta fly, hustle gotta double down  
Murder was the case that I gave 'em  
Damn her with my grammar hammer, nobody could save 'em  
And we ain't just in Kansas City anymore  
We on tour and we on some penny pinchin', "give me more"  
If I die today, I'm comin' back, nigga  
Strange Music's on big black fat nigga  
Cause we resurrected with people been disrespectin'  
No equal to this direction, with Kali, people can check it  
We be the choppin' and Tech get it poppin' in every Metropolis  
Tracks, we be toppin' as far as they flock to us, niggas be jockin' u  
s  
I flow, beware, rappers don't be goin' there  
Maybe I'm just blowin' smoke in the air and no one cares

I been (dope, d-dope, d-dope, dope, dope)  
I get 'em (dope, d-dope, d-dope, dopeboy fresh)
