

This is so, so crazy..  
This long journey..  
Look at all the love you gave me  
You gave me the strength..  
To keep on moving forward  
Pushing me past the stars..  
Now the light I'm running toward..

At the bottom of the barrel, I was like the rotten  
apple  
And I never graduated, no gown, no cap and a tassel  
But I stowed my education, now I got my teachers  
baffled  
Wonder why I feel the terror of number one independent  
God picked my name in the raffle  
I was dealt a bad hand, wasn't gonna amount to nothing  
Thank god that I had fans, keyboards, mics an  
percussion  
Cuz with that yo I elevated, now I'm just celebrated  
Whenever tecca nina hit the public  
Taking so many pictures, signing the autographs  
Leaving messages on your voice mails and I love it  
And with all this new success I can't believe this love  
level  
Specially when they thought that I was devil  
A painted up psycho brotha who loves metal  
The response is overwhelming, for the love, can't thank  
you enough  
Dedicated to all the people who got me out of hell  
Ya'll saved my life and stuff

I opened up my heart, showed you what I had inside  
An ocean full of truth, too deep for the lies  
Ya made it to the pain, had to swim through the pride  
There's nothing else I need to survive  
Overwhelming! (So, so, so)  
(Yeah, your love is so, so, so!)  
So overwhelming! (So, so, so)  
(Yeah, ay, it kept me alive yeah!)  
Overwhelming! (So, so, so)  
(Yeah, your love is so, its so, so!)  
So overwhelming! (So, so, so)  
(Yeah, it kept me alive yeah, yeah, come on!)
