

Push Start

Tech N9ne

Heh, heh, heh, heh, heh

(2x)

Fast forward, no repeat
(We push start with no key)
Y'all on one, we on three
(We push start with no key)
All talk, gotta show me
(We push start with no key)
It's big dog and Don P

I push start with no key
Gritty nigga from the show me
Reverse the letters of OG, think about it (I go big)
Slippery tongue, gotta spit that game
Sickening numb when I dump these flames
Wait of a ton, hit like a gun (bang, bang, bang)
What y'all doing I already done it
Get down through it, nigga, let's run it
Simple and plain, I'm trained for this
I come from the gutters with anguish
Look in my eyes, I'm dangerous
They mock me and copy, they (Yankovic)
Yeah, Johnny's, I walk a life
Trappin' and rappin' respect the stripes
Hustle and struggle, get game from strife
Money and muscle, pain from plight
Hard scars, made me a blight
Dark hearts, searching for lice
Sick of the same, I'm ready for change
Something within me keeps wanting the game
Avoiding the voices deep in my brain
Gorilla within me could never be tamed!

Fast forward, no repeat
(We push start with no key)
Y'all on one, we on three
(We push start with no key)
All talk, gotta show me
(We push start with no key)
It's big dog and Don P

Don P's where the dough be
(We push start with no key)
I drink liquor, I blow tree
(We push start with no key)
All the niggas and the hoes see
(We push start with no key)

(We push start with no key)

They called me Donny Punani because my middle name is Dontez
And my nickname is Donny and they say I love, uh, Punani
So, that's why he call me Don P (hahahaha)
