

Put Em On

Tech N9ne

I just gotta put 'em on
My city askin' me to put 'em on
My day ones gotta put 'em on
Family I gotta put 'em
Shawty askin' me to put her (on)

Feeling like I'm one of the best and everybody ain't trippin'
Like an Aventador on full flats but the paint's drippin'
To the people making it up and sayin' that I'm done, I can't slippin'
I'm a taint this with not a saint mission with the imagery to make you faint
, Christian
I'm a killa, for my city, nigga
It ain't only me, it's so many grittas
Serving weak cats, makin' 'em take a seat in they kitty litter
Keep something pretty with us
And that's dames and dumpers
They shame to bump us
'Cause we're upper echilon
Yes, I'm dark, I am Megatron, go Decepticon
Whenever Tech is on
Steady reppin Misou ha
That's right, that's right, I can't think of nothing better to do ha
Yes I, yes I gonna be the one say the Soo
Stretch all the way to the loo
So be careful speaking I'll of my crew ha

We all came up from nothing
We all lookin' for something, yeah
You want them finer things in life
Don't act like you don't want this

I Just gotta put 'em on
My city askin' me to put 'em on
My day ones gotta put 'em on
Family I gotta put 'em
Shawty askin' me to put her
On

Workin'? I've been workin'
I've been locked in, I been workin'
I done clocked in, and the pots in, and when we pop in we jerkin'
I got family dependin' on me
Hatin' niggas bring envy on me
Get the game and I get the homie
Got plenty on me
Wanna give a shoutout to my A ones
Better view from my day ones
Win or lose, there's a bitter feud
Nigga, I'm a be the liaison
Talk now, I'm delegated
Hept outed, then elevated
Call the fam like "Hey we made it"
Buy ma the crib with a elevator like
They know, came up with like no dough
Prayed up I never changed up, I start the game up I got bank roll
Head forth, get mo'
Me and my niggas keep it lit so

Buy my mama that new Benzo
Now my ends low

We all came up from nothing
We all lookin' for something, yeah
You want them finer things in life
Don't act like you don't want this

Just gotta put 'em on
My city askin' me to put 'em on
My day ones gotta put 'em on
Family I gotta put 'em
Shawty askin' me to put her
On

Damn, where did my bros? I started broke
I'll in the mind and sicker the most
You gotta fly to see what I'm on
Baby I'm just tryin' to get low
Uh, I got the star
Hop in a rover
Cup runneth over
I got this started
Baby you know
That'll you'll be on it
St. Louis on up

We all came up from nothing
We all lookin' for something, yeah
You want them finer things in life
Don't act like you don't want this

Just gotta put 'em on
My city askin' me to put 'em on
My day ones gotta put 'em on
Family I gotta put 'em
Shawty askin' me to put her
On
