

Stop the Sailor

Tech N9ne

Stop the motion of the ocean but that might cause some hell
Looking for the love potion we coping but I can tell
Everybody hate the wave that a grave us another thing fails
Cause she wanna have a baby in the face I do not seem well
I feel running away for the brighter day to save her, save her
How I can I stay when I know that she deserve it
Word is my purpose
Just a sexual service
But after I'm nervous
Never ending side
God but I'm already a father
Before I'm lost in the agua I'm saying you got to

Stop the sailor
From sailing away from your shelter
Stop the sailor

Is that the wrong thing to tell her
You're young and in love with an old man
But you deserve to be happy
You deserve to have what you want
What I gotta do to stop me from thinking that I should run
For her to live a better life be the wife livin' with someone
I don't ever want to lose her but truly it got me spun
What if I am not the dude for you that nauseous less cause
Oh wow, shit, save her, save her
I get the feeling we havin' a crisis
And I'm feelin lifeless
Cause I want you happy
You tellin' me that you like this
I don't want to leave you
But I'm a believer if a woman's in need
Should find someone to appease her

Stop the sailor
From sailing away from your shelter
Stop the sailor
Is that the wrong thing to tell her

I don't want rockers to bash me; you know what I'm sayin
I feel like ya'll really want it to be...
This is my heart so to me I put down shit that I felt
I feel like that's half the battle, you know
