

# Paralyzed

Ted Nugent

I'm on a mission of mercy  
I gotta testify  
You lost your emotions  
You're paralyzed

Amputate your logic  
You're hypnotized  
You show no emotionou're paralyzed

Don't you know you crucify yourself, oh, no.  
You're killin' you and nobody else  
And I know you been spending your nights alone  
The lights are on but there's nobody home

You don't know where you come from  
You're not too wise  
You got nowhere to run to  
You're paralyzed

Don't you know you crucify yourself, oh, no.  
You're killin' you and nobody else  
And I know you been spending your nights alone  
The lights are on but there's nobody home  
Yeah

Can you feel your body  
Can you move your eyes  
Can you feel your heartbeat  
Well, are you paralyzed

Don't you know you crucify yourself, oh, no  
You're killin' you andnobody else  
And I know you been spending your nights alone  
The lights are on but there's nobody home

Paralyzed  
Paralyzed  
Paralyzed  
Paralyzed  
Paralyzed  
Paralyzed  
Paralyzed  
Paralyzed ...
