Terminus....

Well...

Cooped up inside the house, She had no place to go Runnin for the weekend Her daddy done told her no.

All alone with the TV set
Thinkin of things to do
Gonna call up her best girlfriend
Cause maybe she can do it too

Her daddy had bought a brand new car Shiny red as can be A convertible top and a cb too "Or maybe he got it for me"

She got the nerve
She got the keys
Take it for a little ride
Aint old enough to drive alone
But she just couldn't stay inside

So they cruised downtown to the local run Show off a new Cadillac A little high, maybe do or die She aint gonna make it back

Its a big red El Dorado Much too fast for her Forgot about tomorrow That much is for sure

Ah oh

Too much fun
Too little luck
She didn't have time to swerve
