

# Turn It Up

Ted Nugent

Hey good lookin'  
What you got cookin'  
I need it on a Saturday night

Don't know if I fall  
In a rock n' roll hall  
That sound is just what I like

So turn it up, turn it up, make it louder than hell  
Turn it up, turn it up, make it ring like a bell

I know what I like  
I got to turn it up tonight  
Turn it up, turn it up, turn it up, louder, louder

Oh my god lock and load  
The stage is like a wall of sound  
what I need  
To help blow the walls down

Turn it up, turn it up, make it louder than hell  
Turn it up, turn it up, make it ring like a bell

I know what I like  
I got to turn it up tonight  
Turn it up, turn it up, turn it up, louder, louder, louder, yeah

Oh my god lock and load  
The stage is like a wall of sound  
what I need  
To help blow the walls down

Turn it up turn it up make it louder than hell  
turn it up turn it up make it ring like a bell  
I know what I like  
I got to turn it up tonight  
Turn it up, turn it up, turn it up, louder, louder, louder, yeah

So, turn it up, turn it up, make it louder than hell  
Turn it up, turn it up, make it ring like a bell  
I know what I like  
I got to turn it up tonight  
Turn it up, turn it up, turn it up, louder, louder, louder, yeah

Yeah, yeah  
Yeah, yeah  
Yeah, yeah  
Yeah.....
