

# Where Have You Been All My Life

Ted Nugent

Hey, baby  
Where you been all my life?  
I said hey now, baby  
Where you been all my life?  
Well, I'm searching all over  
Still ain't found me no wife  
I said, I'm searching all over  
Still ain't found me no wife

Oh, you naked women, running 'round in my head  
I said, all you naked women, running 'round in my head  
Lord, you'll just have to be there  
Till I'm buried and dead  
I said, Lord you'll just have to be there  
Till I'm buried and dead

Hey, baby  
Where you been all my life?  
I've been searching all over  
Still ain't found me no wife

Hey, baby  
Where you been all my life?  
I've been searching all over  
Still ain't found me no wife

I said hey, baby  
Where you been all my life?

I said hey, baby  
Where you been all my life?

Hey, baby  
Where you been all my life?

Hey, baby  
Where you been all my life?

Hey, baby  
Where you been all my life?

Hey, baby  
Where you been all my life?
