

# Catch Me If You Can

Tedashii

You got it like that  
Sorry I'm the one who had to drop it like that  
People play a part no, you ain't gotta act  
I ain't going forward, you can stop it where it's at

You got it like that  
Sorry I'm the one who had to drop it like that  
People play a part no, you ain't gotta act  
I ain't going forward, you can stop it where it's at

Fake and tell, they pretend well  
But that never ends well  
Fake

Never ends well

Please excuse my escape  
Who can I run to when everybody fake?  
I ain't usually impatient but I just couldn't wait  
Really wasn't sure how much more I can take  
Fronting like they really on something  
When they really nothing, everybody stunting  
Like they in a movie but they not in the credit  
Time to be remember

Is this a fantasy laid?  
I don't think I know what I am  
But then again  
Who really knows?  
Is this a fantasy laid?  
I don't think I know what I am  
But then again  
Why don't you catch me if you can?

Catch me if you can  
Why don't you catch me if you can?  
Catch me if you can  
Until then

Mister, be the keeper  
Chief chieffer with cheeber under your seater  
Keeper, you keep a model diva like Rama you call a seater  
Peep that, this even deeper than kisses below the sneakers  
I don't believe you people!

Low down dirty, so clown worthy  
I take you as a joke, I'm not tryna to provoke  
Just shock as I watch people cop through what's not  
And the crowd goes wild as I smile still in shock  
We run to the place with familiar faces  
Cope with my pain and conceal in anguish  
I'm bearing my soul like in the garden, naked  
I'm wearing my flaws and it is hard to take in  
My image in the mirror, it's hard to face it  
We all lost perfection, we chose to replace it  
Trying to remember but somebody erased it  
Now all I know is I'm trying to escape it

Picture perfect art till it's home kinda hard  
Framed in my pain and it's all kinda off  
Tryna get it straight but I can't
