

Off Da Hook

Tedashii

Oh yes, you know it's on again,
This' for my souled out believers who been born again
Yes, oh, you know we born in sin
But through the resurrected Lamb we all been born to win
Cause at birth sin, we born into this thing,
Placed at odds with the Father, sworn enemies mane
And we grow up from the time of inception with lies and deception,
Obeying our lust hoping that God'll accept us
But oh, no this joint is serious mane,
Unrepentant sin in life, it gets Him furious mane
No, oh please don't trust yourself,
Trying to carry sin's weight, you'll crush yourself
So when your flesh start rising just hush yourself
And put no trust in this world, it's gon' rust and melt
So, get down like the bomb's been dropped,
And trust the Father with your life before your time is out

[Hook:]

Off da hook, off da hook, off da hook, off da hook (4x)
Oh, we off da hook, oh, we off da hook,
Oh, you off da hook, oh, she off da hook
Oh, he off da hook, oh they off da hook,
Oh, we off da hook, oh, we off da hook

Oh, yes so peep the scene on the earth stacks of green,
Racks of lean, plus the green from the earth
Yes, oh, man's in love with himself and anything done good
He thinks he does it himself
So he trust himself to pay the price for sin thinking
If he's good enough then he can get on in
But oh, no he can't handle the weight
Cause the judgment of sin is too great
We broke the law, man we broke 'em all,
We deserve the penalty to get broken off
But He brought me back, took the cross for that,
Got me off the hook, told me walk in that
We all stand to stand trial so I stand and say loud
If you stand for anything then stand to stand down
And put your trust in the God above, even though we fall short
He's still a God of love

[Hook:]

Off da hook, off da hook, off da hook, off da hook (4x)
Oh, we off da hook, oh, we off da hook,
Oh, you off da hook, oh, she off da hook
Oh, he off da hook, oh they off da hook,
Oh, we off da hook, oh, we off da hook

So what does this mean, we get loud for the Father,
Act wild for the Father, hands high for the Father
Because He put us where we s'posed to be,
He took Christ holiness and made clothes for me
And now that's close to me, like O to P,
Because the one who knew no sin got drove for me
So I run, run, for the One, One, represent for the Father get crunk, crunk
And let the world see your light mane, shine it bright mane,
Until they make a change and switch to the right lane

We asking ya, be ambassadors,
Preach Christ to the people like your pastor bruh
Don't pass Him up for the flashy stuff,
Getting caught up with yourself like a rapper does
So, serve the Father for the cost it took,
2 Corinthians 5: 21 we off the hook

[Hook:]

Off da hook, off da hook, off da hook, off da hook (4x)
Oh, we off da hook, oh, we off da hook,
Oh, you off da hook, oh, she off da hook
Oh, he off da hook, oh they off da hook,
Oh, we off da hook, oh, we off da hook
