

Perfect

Tedashii

(Hook)

You don't know what I've been through
Don't judge me cause you got a past too
I know that He knows, He knows, He knows He knows

(Verse)

Yeah, they ruin the few watchin' us
I'm doin' the fool an it's obvious
Said I'm losing it too like Provident
They ruin my mood with this gossipin'
Hatin' this, in the heat of the moment where Satan is
Accusin' me of nothin' is a banking switch
Making this hard for a person and his place to live
My God, I'm workin' like I ain't got nothin'
The can you load, you may drop some
And you can't hide so stop frontin'
My God, that's a lot that we tell ourselves
But I guess that it's hard for you to ask for help
But in that moment that's when you fail
One slip and they judgin', standin' like they ain't done nothin'
I make no excuse, but I refuse to lose
Cause of some dudes without a clue what I've been through
Or where I'm comin'. No lie, I shoulda been gunnin'
I'm workin' at it, I ain't perfect at it
And I say this every time

(Hook)

You don't know what I've been through
Don't judge me cause you got a past too
I know that He knows, He knows, He knows He knows
I ain't worth it, but I'm workin'
I ain't worth it, but I'm workin'
I ain't perfect
I know that He knows, He knows, He knows He knows

(Verse)

I'm supposed to be dead and gone in a catacomb
Like Rome, I'll arrange, tryna use my phone
No tone, left alone like I lost my arm
But I'm up, better yet, at the top of your home
With the bird's eye view, watchin' all these people sayn words not true
Accusin' me, they abusin' me, yeah, truthfully
I don't have the time to be worried bout you man
Man down, oh law, people playn games with no god
No rules in this so they losin' it
And they don't know the score at all
Consider my life, they don't
Believe me, I'm only human, A-Wall
But no matter they lies, I won't compromise
Everyday for yo boy - it's on
And I promise, I'm honest, I shoot 'em straight but they really don't want i
t
Yeah, they taught me, ?
I've been dealin' with this for the longest
I doubt that I'm strongest
But in Him, when I'm weak, I'm stronger
I'm workin' at it, I ain't perfect at it

And I say this every time

(Hook)

You don't know what I've been through
Don't judge me cause you got a past too
I know that He knows, He knows, He knows He knows
I ain't worth it, but I'm workin'
I ain't worth it, but I'm workin'
I ain't perfect
I know that He knows, He knows, He knows He knows

(Verse)

Don't try to judge me, just deal with your issues
Take a look in the mirror, what you judgin' for?
Take a look in the mirror, what you never know
How you affectin' me, next person that you kill is
You don't know

(Hook)

You don't know what I've been through
Don't judge me cause you got a past too
I know that He knows, He knows, He knows He knows
I ain't worth it, but I'm workin'
I ain't worth it, but I'm workin'
I ain't perfect
I know that He knows, He knows, He knows He knows
