

# Always Out To Get Us

Teddy Geiger

Let me tell you  
You're so far  
From where you should be  
I've noticed things about you  
I didn't think were in you  
Now you're running from me

They're always out to get you  
Yeah, they're always out to get you  
So keep your doors and windows locked  
Cause they're always out to get you  
Yeah, they're always out to get you  
So keep your doors and windows locked

The things that we do differently  
Are the things that make us the same  
And the things I think when I'm alone  
Are the same things you're running from

We're both running

They're always out to get us  
Yeah, they're always out to get us  
Let's keep our doors and windows locked  
Cause they're always out to get us  
Yeah, they're always out to get us  
Let's keep our doors and windows locked

Let's keep 'em locked  
So far, slow down  
No one ever knows who we are  
Cause we don't wanna get hurt  
We don't wanna cry  
No we don't wanna get hurt

We don't wanna cry

Cause they're always out to get us  
Yeah, they're always out to get us  
Let's keep your doors and windows locked

Yeah, they're always out to get us  
Oh, they're always out to get us  
Let's keep your doors and windows locked

Always out to get us  
They're always out to get us  
Let's keep our doors

Let's keep our doors and windows locked
