

Melancholy heart on fire  
How I love you as I watch your dying  
And oh, my heart it hurts so hard  
It's part of broken dreams I'm following

Here lies half of me  
Now you see me, now you don't  
There goes half of me,  
Now the other half is gone  
Who will I become?  
Who will I become?  
When the things I love are lost?

Doctor says there's nothing wrong  
That nothing physical is harmed.  
My heart's racing, head's a storm  
Haven't felt this way since I've been born

woah, woah

Here lies half of me  
Now you see me, now you don't  
There goes half of me,  
Now the other half is gone  
And the distance in between  
I can't see what's going on  
And the distance in between  
I can't see whats going on

Who will I become?  
Who will I become?  
When you are are gone, who will I become?  
Who will I become?  
When the things I love are lost?
