

Do You Even Care

Teddy Geiger

From the first time I saw the city sky light
I was sure I'd be with you
'Cause the first time I saw your face
I just fell into you
You say you need to walk on these ideas
That my heart laid in your path

Chorus:

Why let me walk alone
When I could take you home?
Now I'm just sitting around here
Wondering if you even care
Do you even care? Do you even care?

Your voice could break the loudest silence
And take me from this place
Cause I could love you if you only
Let a lonely boy have a taste, I can't wait

And I don't need to walk on these ideas
Since you crossed my path

Why let me walk alone
When I could take you home?
I'm just sitting around here
Wondering, did you even care?
And I didn't ask for solitude,
I just wanna be with you
I'm just staring at these walls
Wondering, did you even care?
Did you even care?

Who's that girl I had a 13 hour conversation with?
Where did she go?
We were dancing to Ben Folds Five in your mother's basement
And you kissed me, you kissed me

Chorus 2

Why let me walk alone
When I could take you home?
I'm just sitting around here
Wondering, did you even care?
And I didn't ask for solitude,
I just wanna be with you
I'm just staring at these walls
Wondering, did you even care?
Did you even care?

Do you even care?
