

# Hallelujah

Teddy Geiger

You're the girl in the back of the room  
My wallflower that's in bloom  
You're so oblivious to this  
I could fall into those eyes  
Pretty circles that I try to escape into, yeah  
Well hallelujah when you look at me  
And hallelujah you're the halo over me  
And you're all that I need

With you, every day is Saturday  
With you, Every word you say is like a song  
With you well, everything is obvious  
Hallelujah, hallelujah  
Well I found you, I found you  
I found you, Hallelujah

I never thought I'd take that jump  
A nervous laugh around someone  
I'm sleeping in the palm of your hand  
The way you whisper on the phone  
I hear your voice when I'm alone  
Cause you always understand just who I am

And hallelujah your love is free  
And hallelujah you're the halo over me  
And you're all that I need

The best things are unexpected just like this  
Like a billboard in the sky you just can't miss  
And I'm never letting this love go  
Hallelujah, hallelujah
