I'm So Bitter

Teddy Geiger

Minutes turn into hours And hours bleed into days It's been years Since the trouble you left me And I wanna say

I'm so bitter But I've seen better days I'm so bitter Is it the better man That always walks away?

No phone call or even a letter No words to cause me any pain It's been years Since anything could hurt me Through this life I'll fake my way

I'm so bitter But I've seen better days I'm so bitter Is it the better man That always walks away? Watch me walk away

I'm so bitter
But I've seen better days
I'm so bitter
I'll be the better man
Watch me walk away

I'm so bitter Watch me walk away I'm so bitter Watch me walk away
