

Listen

Teddy Geiger

It all sounds fine in fact
It feels amazing but there's no way
But you wouldn't like it anyways
No, you wouldn't like it anyway

Somehow you'll find your way to it
Some kind of charge, a spark, a flame
You probably won't like it anyways
But you can't fight it when it breaks

Just let go and listen
May the songs that Just let go and listen
To the sounds that make you stop
And listen

A painter paints out of choice
To sacrifice their pride and say
Someone might like it anyways
Now who's gonna like it anyways

I'll make it up here, wanna live
Willing to fall or disappear
But I'm keeping my eyes shut anyways
Yeah I'm keeping my eyes shut anyways

So let go and listen
To the songs that Just let go and listen
To the sounds that make you stop
And listen

And listen (Oh, ooh)
oh listen
Oh listen now
