

Money Back

Teddy Geiger

Everyone wants to give their money back
Everyone wants to give their money back, their money back
Everyone wants to give their money back, thier money back

Cash is cash,
Just spend your money
Love is love and it's free
Don't believe it,
Just cause it's coming from me
I said, you and me were on a journey
If I wake up before 2:30
Two backpacks and we spend the night

Can you, tell me
What I'll be like when I'm older
How the mighty will fall
You know the symptoms
I look at you and see
The morning tomorrow
Let's get younger, til we're
Dumb enough to know
To know

Everyone wants to give their money back

All the while the ice is melting
Look at yourself and see
If the me that you see is free
If the love that you want is me
Let's say it right now,
Kiss me right now
Oh leave me a message
After the tone

Tell me
What I'll be like when I'm older
How the mighty will fall
You know the symptoms
I look at you and see
The morning tomorrow
Let's get younger, til we're
Dumb enough to know
To know
Tell me
What I'll be like when I'm older
How the mighty will fall
You know the symptoms
I look at you and see
The morning tomorrow
Let's get younger, til we're
Dumb enough to know
To know

Everyone wants to give their money back
Everyone wants to give their money back
Everyone wants to give their money back

Free for the people that love us, love us
Free for the people that love us
Love is free for the people that love us, who love us
I only see myself now

Tell me, yeah
What I'll be like when I'm older
How the mighty will fall
You know the symptoms
I look at you and see
The morning tomorrow
Let's get younger, til we're
Dumb enough to know
Tell me
What I'll be like when I'm older
How the mighty will fall
You know the symptoms
I look at you and see
The morning tomorrow
Let's get younger, til we're
Dumb enough to know
Love, love
