

# She's Over Me

Teddy Pendergrass

I, I saw her today  
We just met by chance and we smiled a lot  
Not knowing what to say  
'Cause you see, she's over me

And I, I looked in her eyes  
And I saw enough to make me realize  
It's dead and gone, I don't have a prayer  
Of getting her back where she used to be  
She's over me

We stood a minute or two  
And we talk like strangers do, saying nothing at all  
No one who saw us would know  
That once she loved me so

But I'd never dreamed that she'd ever  
Would ever be the one to go, no  
She got herself free and now she's over me

She's over me

I, I kissed her goodbye  
And that kiss killed every hope that I held inside  
It tore me all that we had before  
Was nothing more than ancient history  
I can truly, truly, truly see she had took her some time  
But she's finally over me

But I don't know what went wrong  
All I know is I spend my life now  
Thinking of how good we were  
Guess that she's over me, but I'll never been over her
