

# Don't Know What I Was Thinking

Teddy Thompson

I'm in some way I'm taking the next train  
Don't know what I was thinking  
I'm bringing you flowers  
I'm making it up to you  
Don't know what I was thinking

I figured it out I need you  
Don't know why I didn't know it then  
I got it all wrong I miss you  
Don't know what I was thinking

When it's going along when it's something to give  
That's when I feel I have to wonder  
Oh, but I was a fool I was listening to everything except  
for what my heart was saying

I figured it out I need you  
Don't know why I didn't know it then  
I got it all wrong I miss you mmmmm  
Don't know what I was thinking

I know what I have said "it's over"  
But I know what I want now, it's you, it's you, it's you

I figured it out I need you  
Don't know why I didn't know it then  
I got it all wrong I miss you  
Don't know what I was thinking oohh  
Don't know what I was thinking  
Don't know what I was thinking
