

Everybody Move It

Teddy Thompson

Sat in the corner you could pass for dead
Get up on the floor shake your head

Everybody move it
Everybody move it

If you'd rather be home you can leave right now
This is a party no frowns allowed

Everybody move it
Everybody move it

Bump and grind, have a good time
Free yourself and lose your mind
Now the party's pumpin and the groove is on
Grab the nearest body and move along
Go to the next if it don't feel right
But have no fear, get down tonight

Everybody move it
Everybody move it

Bump and grind, have a good time
Free yourself and lose your mind

Everybody move it
