

I Don't Want To Say Goodbye

Teddy Thompson

I don't want to say goodbye
Let the stars shine through.
I don't want to say goodbye
All I want to do is live with you.

Just like the light of the morning
After the darkness has gone
The shadow of my love is falling
On a place where the sun always shone.

Don't you know that's where our hearts both belong?

'Cause I don't want to say goodbye.
Let the stars shine through.
No, I don't want to say goodbye
All I want to do is live with you.

Together our two hearts are strong
Don't you know know that's where our hearts both belong?

'Cause I don't want to say goodbye
Let the stars shine through.
I don't want to say goodbye
All I want to do is live with you
All I want to do is live with you
